Section 63.71 Application of)	
)	Docket No. _____
SIGECOM, LLC)	
)	
For Authority to Discontinue Telephone Service)	
In Evansville, Indiana)	

SECTION 63.71 APPLICATION

SIGECOM, LLC, d/b/a WOW! Internet, Cable and Phone ("Sigecom"), through its undersigned counsel and pursuant to Section 214 of the Communications Act of 1934, as amended, 47 U.S.C. §214, and Section 63.71 of the Commission's rules, 47 C.F.R. §63.71, hereby files this application to discontinue the provision of circuit switched local exchange and domestic and international long distance to customers receiving service via the Nortel Cornerstone platform in Evansville, Indiana and surrounding areas. In support of this Application, Sigecom submits the following information:

I. Description of Discontinuance

1. Name and address of carrier

SIGECOM, LLC
6045 Wedeking Avenue
Evansville, IN 47715

2. Date of planned service discontinuance

Sigecom intends to discontinue this service in phases over the next several months. For each phase, Sigecom will submit a separate application to discontinue service to the affected customers. The anticipated date to begin discontinuance of service for this group of affected

customers is on or after September 18, 2012, or as soon thereafter as the necessary federal approval can be obtained.

3. Points of geographic areas of service affected

The proposed discontinuance of service for this phase will affect residential and commercial service provided in the City of Evansville, Indiana, the Town of Newburgh, Indiana, the Town of Boonville, Indiana and the Town of Chandler, Indiana (the "Service Area").

4. Brief description of the type of service affected

Sigecom proposes to discontinue the provision of circuit switched local exchange and domestic and international long distance to residential and commercial customers receiving service via the Nortel Cornerstone platform in the Service Area.

5. Brief description of the dates and methods of notice to all affected customers

This Application relates to the fifth phase of the planned service discontinuance. In this fifth phase, written notice to the group of affected commercial customers was mailed on or about July 18, 2012 and written notice to the group of affected residential customers was mailed on or about July 17, 2012. The written notice was mailed to: (i) 48 commercial customers located in Evansville, Indiana, 10 commercial customers located in Newburgh, Indiana, 7 commercial customers located in Boonville, Indiana and 3 commercial customers located in Chandler, Indiana; and (ii) 134 residential customers located in Newburgh, Indiana and 18 residential customers located in Chandler, Indiana (the "Affected Customers"). Attached as Exhibit A are copies of the customer notice letters. Similar letters will be mailed to affected commercial and residential customers in each other phase at least 30 days prior to discontinuance of service. Prior to discontinuance, all customers will be given the opportunity to migrate to Sigecom's

digital phone service (interconnected VoIP) at substantially the same price points as the current, discontinued service.

6. Non-dominance of the carrier with respect to the service to be discontinued

Sigecom is non-dominant with respect to the service that it proposes to discontinue.

7. Service

In accordance with Section 63.71 of the Commission's rules, Sigecom has mailed a copy of this Application to the Indiana Governor, the Indiana Utility Regulatory Commission and the Special Assistant for Telecommunications for the Secretary of Defense.

8. Additional questions regarding this application may be addressed to the undersigned or:

Mike Clark
SIGECOM, LLC
6045 Wedeking Avenue
Evansville, Indiana 47715
Phone: (812) 437-6453

II. Circumstances of Discontinuance

Sigecom has determined to revise its business plan to discontinue the provision of circuit switched service via the Nortel Cornerstone platform to residential and commercial customers in the Service Area. Sigecom will continue to offer telephone service to the affected customers via its integrated voice over internet protocol platform (VoIP). Sigecom's discontinuance of its circuit switched service to customers is necessary and appropriate due to the obsolescence of the technology used to provide this service currently, and will not adversely affect the public convenience and necessity. The public will not be unduly harmed by Sigecom's discontinuance of the telecommunications service described above because customers have been given notice that affords them an ample opportunity to migrate to Sigecom's VoIP service or transfer to a new

carrier. The telephone services that are being discontinued are readily available from other carriers, and Sigecom has provided and will continue to provide as it phases out this service more than the minimum 30-day notice required by the Commission for discontinuance of domestic services.

III. Conclusion

Sigecom believes that the proposed discontinuance is reasonable and necessary. As outlined herein, Sigecom will take all reasonable steps, to the extent it is able, to assure that the discontinuance of service is not unduly disruptive to the present or future public convenience and necessity. Accordingly, Sigecom respectfully requests that the Commission permit it to discontinue the provision of services to the Affected Customers pursuant to Section 63.71.

Respectfully submitted,

D. Craig Martin, Esq.

Kim D. Crooks, Esq.

Customer Notice Letter

*****DISCONTINUANCE NOTICE – DO NOT DISREGARD*****

July 18, 2012

Dear WOW! Business Phone Customer,

The circuit switched phone service currently provided to you by Sigecom, LLC d/b/a WOW! Internet, Cable and Phone is being discontinued in the Evansville market area. This letter serves as formal notice that, subject to the approval of the Federal Communications Commission, WOW! plans to discontinue the circuit switched phone service at your location on or about **September 18, 2012**. As a result we will be migrating to a new and improved digital phone service, which means a better overall experience for you. As a part of this transition and in order for us to provide continuous phone service to your location, you will need to contact us to upgrade your phone service by **September 18, 2012**.

Please contact us to schedule an appointment

Please contact us immediately at **1-888-766-7232** to schedule a free technician visit to upgrade your equipment before there is an interruption to your service on September 18, 2012. For your convenience, we offer one and two hour appointment windows.

We appreciate your patience and understanding as we undergo this important equipment upgrade.

Sincerely,

A handwritten signature in black ink, appearing to read "Phil Sheridan".

Evansville, IN 47715

WOW! is Required to Provide the Following Statement:

The FCC will normally authorize this proposed discontinuance of service unless it is shown that customers would be unable to receive service or a reasonable substitute from another carrier or that the public convenience and necessity is otherwise adversely affected. If you wish to object, you should file your comments as soon as possible, but no later than 15 days after the Commission releases public notice of the proposed discontinuance. Address them to the Federal Communications Commission, Wireline Competition Bureau, Competition Policy Division, Washington, DC 20554, and include in your comments a reference to the §63.71 Application of Sigecom, LLC. Comments should include specific information about the impact of this proposed discontinuance upon you or your company, including any inability to acquire reasonable substitute service.

Pursuant 70 Indiana Administrative Code Section 7-1.3-11, you can obtain a temporary 30 day extension of disconnection for a serious illness or medical emergency by providing us with a medical statement from your physician or a public health official before the proposed disconnect date. You can also file a complaint with the Indiana Utility Regulatory Commission. You can contact the Commission at 317-232-2712 and 1-800-851-4268 between the hours of 8:15 a.m. and 4:45 p.m.

It's that kind of experience.

*****DISCONTINUANCE NOTICE – DO NOT DISREGARD*****

July 17, 2012

Dear WOW! Customer,

The circuit switched phone service currently provided to you by Sigecom, LLC d/b/a WOW! Internet, Cable and Phone is being discontinued in the Evansville market area. This letter serves as formal notice that, subject to the approval of the Federal Communications Commission, WOW! plans to discontinue the circuit switched phone service at your location on or about **September 18, 2012**. But fear not. The good news is we're replacing the old service with a new and improved digital phone service, which means a better overall experience for you. As a part of this transition and in order for us to provide continuous phone service to your location, you will need to contact us to upgrade your phone service by **September 18, 2012**. This upgrade will not affect your WOW! Cable TV or WOW! Internet service.

If you choose not to upgrade to WOW! digital phone service, we reluctantly ask that you contact a new provider immediately to have your service changed by September 18, 2012.

If no action is taken, when the circuit switched phone service is discontinued, your home phone will no longer work and you will lose your home telephone number.

Thank you for your cooperation and understanding. We know you have a choice of providers and, on behalf of the entire WOW! family, we truly appreciate the opportunity to serve you.

Please call **1-877-283-6112** to switch your phone service before it's disconnected on or about September 18, 2012.

Sincerely,

Robert DiNardo
